Dear [REDACTED]

STATINTL

Enclosed is the information you requested on [REDACTED]
[REDACTED] Stereoscope along with a copy of our
development objective which describes a proposed light table
and mount for the subject instrument. The poor design of
the original mount is the major weakness of the current
instrument; proposals on the new mount should be received
shortly. Joint Procurement on this item will probably exceed
40 units with a considerable saving being realized. I wish
to apologize for the delay in forwarding these materials
which results from my being involved in a crash program.

STATINTL

Sincerely yours,

STATINTL
